Email: pallavi.samanthapudi0910@gmail.com

Career Objective

Motivated AI & ML undergraduate with strong foundations in Data Structures, Algorithms, and System Design, and hands-on experience building scalable applications and real-world projects. Active participant in national-level hackathons with collaborative team experience. Skilled in communicating technical concepts through impactful presentations, with experience in Python and machine learning frameworks. Seeking an internship to apply my problem-solving skills, contribute to innovative solutions, and continuously enhance my technical expertise

Education

- **Bachelor's: CSE(ARTIFICIAL INTELLIGENCE & MACHINE LEARNING)** (Exptd: Apr2028)
 - Lakireddy Bali Reddy College of Engineering - Mylavaram
 - CGPA: 9.00
- **Intermediate: MPC** (completed: May 2023)
 - Narayana Jr College - Vijayawada, India
 - CGPA: 9.29
- **SSC** (completed April 2021)
 - Siddhartha English medium High School
 - CGPA: 7.3

Technical Skills

Core Java, Python, Python (Machine Learning Basics), C Language, JavaScript, HTML, CSS, Basic SQL, Git, GitHub, MS Office, Canva, PowerPoint (PPT), Communication Skills, Problem Solving, Prompt Engineering, Email Writing

Projects

- **Smart Waste Management Portal – SIH 2025**
 - Collaborated in a team of 6 to deploy a live prototype addressing core problem modules
 - Built responsive dashboards with role-based interfaces, geo-tagging, reporting, quiz, and tracking modules

- Contributed to designing a scalable architecture for future backend and cloud integration
- **Quantum-Based Fraud Detection-Amaravati Quantum Valley Hackathon 2025**
 - Developed conceptual workflow for anomaly detection in financial datasets using classical and quantum ML principles.
 - Proposed hybrid classical quantum model for fraud prediction analysis.
 - Designed preprocessing and analytical approach to demonstrate understanding of QML.

Certifications

- **Advanced Certificate of Proficiency in LSRW Skills (2 SEM)**
- **Personality Development and Behavioural Sills (4 SEM)**
- **Data Structures & Algorithms – Infosys Springboard (2025)**
- **Artificial Intelligence Fundamentals – IBM (2025)**

Websites & Profiles

- **LeetCode:** https://leetcode.com/u/sai_pallavi_09/
- **Hacker Rank:** https://www.hackerrank.com/profile/pallavi_0910
- **GitHub:** <https://github.com/saipallavi-09>

Achievements

- Second Prize – Technical Paper Presentation, SITAR-2K26 (2026).
- Ranked among Top 50 teams internally at LBRCE in SIH 2025.
- Participated in various college club events like paper/poster presentations and creative writing.

Hackathons

- Smart Waste Management Portal – SIH 2025
- Quantum-Based Fraud Detection-Amaravati Quantum Valley Hackathon 2025

Place: Vijayawada
